## Chevron ~ the legend lives on....

### CHEVRON AMBASSADORS

Without hesitation Brian Redman and Mike Wilds agreed to be our Chevron Ambassadors.

We could think of no better candidates than the living legend that is Mr Redman and super talented BRM F1 driver Mr Wilds.

We also wanted to support some special up and coming drivers, so the Chevron Young Ambassadors are: James Buckton & Callum Grant who compete in historic Fford & Jessica Hawkins who steps up from karts this year

&

James Dodd Chevron B31 winner Martini Trophy

### Shelsley Walsh

01-02 June 2013

Come & celebrate with us Derek Bennett's 80th year at this famous hill climb venue.

### Chevron B23/DFV

We have started the restoration of this well known sports car which was fitted with a DFV engine by the factory in period.

The same week the car arrived Paul Owens came over to the Raceshop and it was a lovely moment when he pointed out special DFV brackets that Derek Bennett himself had welded into place.

Need a crash repair on your non Chevron car?

We have two new surface plates in the Fabrication Shop & can meet your requirements from Fford through to Formula 1 & Group C cars of every marque

### New Chevrons

New Factory Works car builds remain a strong sector of our core business

We restrict them to only one or two per year so if you're thinking of a lovely bespoke Chevron B16, Chevron B8 or Chevron B19/21 or B36 for 2013 be quick
